

RIDE

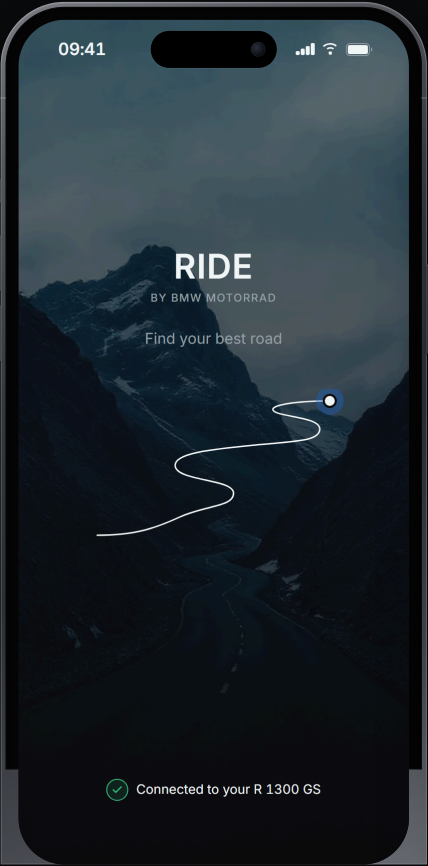

BY BMW MOTORRAD

Find your best road.

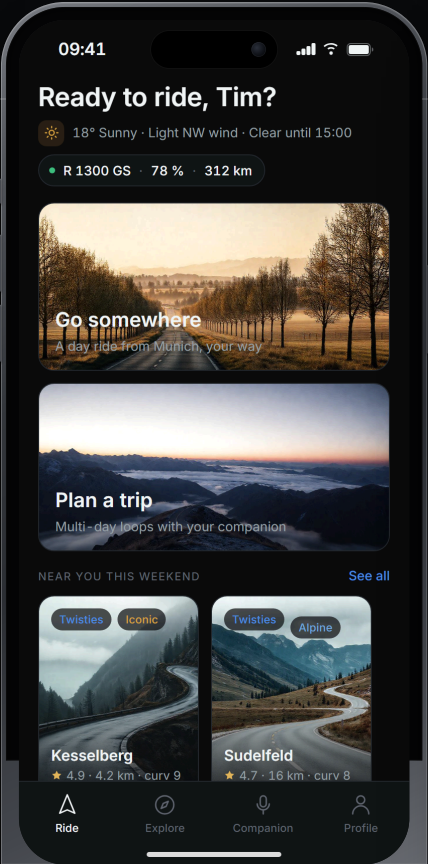

TEN FEATURES

01	Two ways to ride: Go somewhere or Plan a trip
02	Fast ↔ Fun slider that reshapes your route live
03	Weather-aware routing with departure advice
04	Voice trip planner, a five-minute conversation
05	A companion that learns your riding preferences
06	Multi-day trip generation with swappable segments
07	Community segments rated by real riders
08	Follow a rider's segment instead of trusting an AI blindly
09	Ride mode and bike display, glove-friendly
10	In-ride feedback and ride recap that make the whole community smarter

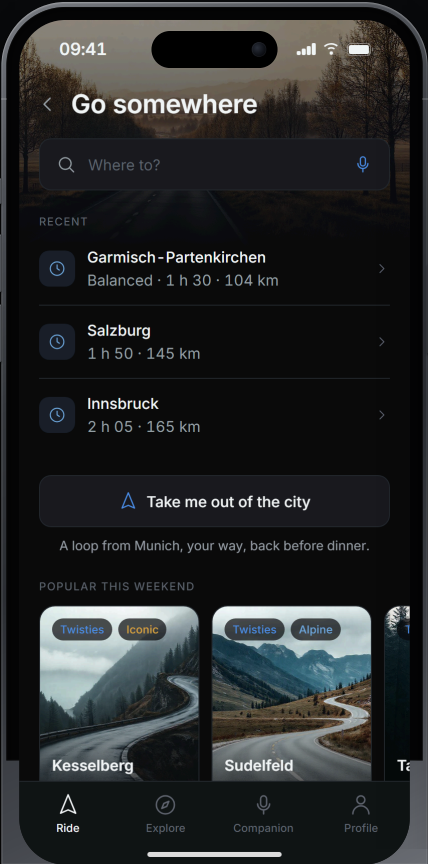

Mockups · 12 screens, 17 states · 13 Sep 2026
Hackathon Zurich · DESIGN.md and SCREENS.md are the source of truth
